

FRENCH HOLD LEFT BANK OF THE RIVER VISE

DeBenny's Troops Also Take Woods North of Ly-Fontaine

(By The Associated Press).
BULLETIN.
PARIS, Sept. 23.—French forces fighting along the line south of St. Quentin have reached the Oise river between Venduill and Travecy, according to the official statement issued at the war office tonight.

With the French Army in France, Sept. 23.—2:30 p. m.—(By The Associated Press)—The French now hold the left bank of the Oise for more than half the distance from LaFere to Moy. General DeBenny's troops captured the woods north of Ly-Fontaine last evening and his patrols went thru Venduill to the Oise. The Germans had evacuated Venduill under menace of being cornered there with their backs to the river by the French advancing toward the river in the region of Ly-Fontaine. The French about the same time reached the quarries just north of Travecy, which completed the conquest of the west bank of the Oise in that region.

Together with the formidable defenses erected by the Germans around St. Quentin, General DeBenny's forces have reached the low marshy country of the valley of the Oise, which presents enormous difficulties to any troops that might attempt a crossing north of LaFere.

British Hold Positions.
With the British Army in France, Sept. 23.—(By The Associated Press)—The continuous efforts of the enemy to dislodge the British from their positions about Epehy, which gravely threaten the Hindenburg line have resulted in hard local fighting with the odds in favor of the British. The British troops have clung tenaciously to their new defenses while the enemy and weakened German forces desperately hammering at them. The engagements reported at the remainder of the front have been of little consequence.

KAISER VISITS TROOPS IN LORRAINE SECTOR

Purpose of Visit to Thank Troops Who Have Defended Lines — Men Promise Him They Will Never Let Americans Thru.

"Amsterdam, Sept. 23.—"We'll never let Frenchmen or Americans through here," was the promise Emperor William by his troops when he visited the Alsace-Lorraine front, Sept. 19 and 20, according to Karl Rosner, favorite press agent of the kaiser in a despatch to the Lokal Anzeiger. The purpose of the visit was to thank the troops for having held out, and according to the emperor's chronicler, "at the same time giving them inspiring words for the fresh fighting on the threshold of which we are perhaps standing on the southwest of the empire."

The emperor first visited the section between Mulhausen and Colmar, where "in sight of the Vosges front, on whose heights and slopes the German positions run and within hearing of the dull roaring cannon fire, Emperor William, conducted by Field Marshal Duke Albrecht of Wurtemberg, the commander-in-chief of the army group, went from division to division, camp to camp, and hospital to hospital."

"Here, his majesty," says Rosner, "was again told by his generals, just as by simple musketeers, that they will never let the enemy pass. The emperor passed along the entire Lorraine front but instead of visiting staffs, he called on small units, brigades, regiments and battalions. It is true that the 'hurrah' feeling of the commencement of the war has been somewhat weakened by one meets with the same unshakable and sure calmness which never for a moment doubts of a victorious resistance."

The correspondent reveals the fact that the brigade commanded by Prince Oscar, the emperor's son, is stationed on this front. He says that Prince Oscar has returned to the field notwithstanding the effect of his wounds.

NO FURTHER INVESTIGATIONS

Washington, Sept. 23.—Chairman Fletcher of the senate commerce committee announced that no further investigation is planned at this time of so-called labor slacking in the government ship yards. The committee, he said, is satisfied that the emergency fleet corporation and Provost Marshal General Crowder are taking steps necessary to come with individuals not doing a fair day's work.

CORRECTION IN RETURNS.

Washington, Sept. 23.—Corrections on complete returns from the selective draft registration in Illinois today showed a registration of 852,131 as compared with an estimate of 849,834.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

LONDON, Sept. 23.—The British have captured a German strong point northeast of Epehy which had resisted for several days, according to Field Marshal Haig's report from headquarters tonight. The statement says: "By a successful local operation this morning northeast of Epehy, we captured a German strong point which had been stubbornly defended for the past three days. North of this locality a hostile counter-attack in the morning succeeded in entering our positions at one point where a party of the enemy is still holding out. Elsewhere the attack was repulsed."

LONDON, Sept. 23.—Constantinople was bombarded by the British Royal Air Force Friday and Saturday last week, according to an official communication issued by the admiralty tonight.

The statement says: "The Greeks co-operated in the bombing of Constantinople on Sept. 20 and 21 and dropped thousands of leaflets into the city. A balloon shot down in the European operations in flames set fire to three hangers which were burned out."

ROME, Sept. 23.—The Italian official statement on the Mece-donian conditions says:

"In Macedonia we are overcoming resistance of covering parties and the difficulties of the terrain. On Saturday night we continued the pursuit of the enemy who is in retreat. At dawn after an average advance of about 12 kilometers and the capture of sixteen villages we reached the left wing and the center of the line of Charli-Dobroshora-Musa-Oba and carried at the right the strong position of Mount Bobishte. We took numerous prisoners."

ROME, Sept. 23.—The official war office statement issued today says that in a raid north of Asiago British troops brought back prisoners and adds:

"Artillery activity was so intense at times along the Piave. There was a harassing fire at several points on the remainder of the front."

"On the Asiago plateau the French carried out a brilliant local attack to the east of Mont-Sisemol this morning. They penetrated deeply into the enemy lines destroyed and damaged their defensive systems and inflicted heavy losses on the garrison. One hundred prisoners were taken as well as five machine guns. Two hostile airplanes were brought down."

SOFIA, Saturday, Sept. 21.—Via London, Sept. 23.—Bitter fighting is taking place between the Cerna and the Vardar while near Doiran the activity has diminished, according to an official statement from the Bulgarian war office today. The statement reads: "In the defile between the Cerna and the Vardar bitter fighting is continuing. Since the Anglo-Greek attack of the last few days against our positions near Doiran were repulsed with losses by our valiant troops the fighting activity on this front has diminished in intensity. In the valley of the Struma patrol engagements took place in No Man's Land."

The Serbian advance has most marked between the Cerna and the Vardar where the Serbians have progressed forty miles.

WASHINGTON, Sept. 23.—Defeat of an enemy combat party sent out to locate American front lines southeast of Champ-Fontaine Far on Sept. 20, is described by General Pershing in a communique today supplementing earlier details of the encounter. The enemy was scattered with casualties while the only American casualty was one officer wounded. The dispatch which is section B of the communique for Sunday follows:

"Headquarters American Expeditionary Forces, Sept. 22. Section B: The following details have been offered repulse of one enemy raid reported in the communique of Sept. 20:

"At five o'clock on the morning of Sept. 20, an enemy combat party of two officers and one hundred men armed with six heavy and two light machine guns and preceded by 17 minutes artillery preparation came from Damptoux to the cross roads southeast of Champ-Fontaine Farm to establish an outpost, locate our front line and identify our troops. Our artillery barrage quickly regulated to a concentration fire scattered the enemy and inflicted casualties. Our infantry captured three prisoners and one heavy machine gun. Our only casualty was one officer wounded."

CONFER OVER OIL DECREE

Mexico City, Sept. 23.—Henry P. Fletcher, the American ambassador is leaving on a trip for Washington, presumably for a conference with State Department officials over the expected reply of the American government to the Mexican government's reply to the recent protest by the American government against Mexico's oil decree.

WAS SURPRISED AT RECEPTION OF PEACE NOTE

Austrian Foreign Minister Gives Interview To Berlin Paper

AMSTERDAM, Sept. 23.—(By The Associated Press).—In an interview given to a Berlin newspaper Baron Burián, Austro-Hungarian foreign minister, said he was not surprised at the reception of his peace note; naturally he did not suppose that the Entente would straightway declare readiness to enter into peace negotiations.

"In a situation like the present," continued the minister, "it is sometimes necessary to clarify things by means of regents. The note was such a regent. It already produced remarkable phenomena and will do so still more in the near future."

"Very extraordinary for instance, was the remarkably rapidity of President Wilson's reply. Clearly President Wilson wanted to anticipate the other entente governments. He always had the ambition to be a world arbitrator and has not abandoned that ambition since the United States entered the war as a result of the U-bat warfare. Hence he set out his fourteen points, and, in addition twice four, that is, altogether twenty two which are to be authoritative for the new arrangement of the world."

"I don't suggest that he is insincere, but one could instance many cases where America herself has offended against the principles he formulates for example, the treatment of Colombia and the seizure of Texas. But, after all, large regions were thereby opened to civilization. I will only say that it does not do to be always contrasting in our actions with the views expressed by President Wilson's points."

Baron Burián attributed President Wilson's haste in replying to his desire to prevent an agreement between Great Britain and France he declared that it would serve no purpose to reply to speeches like Mr. Balfour and Premier Clemenceau's.

With regard to the date of dispatching the note, he said: "There was complete agreement between us and Germany. There were certain divergencies of opinion, but they did not concern the date of dispatch."

"We do not want to reproach ourselves later with having neglected anything. The note has had the subsidiary effect of bringing into the light of day the situation of the opposition camp and its success will not prevent us from following the road entered upon. We shall take the next step when the time seems suitable and always in the fullest accord with our allies."

AMERICAN TRAWLER FIRST CAPTURED

WASHINGTON, Sept. 23.—The American Steam Trawler Kingfisher reported to have been torpedoed and sunk by a German submarine off Hatteras last Friday, was captured by the U-boat, according to information received today by the navy department.

Members of the Kingfisher's crew according to navy department reports did not see their ship shot but based their belief that she was sent to the bottom on the fact that they heard three explosions after which they were out of sight of the vessel.

The survivors described the enemy craft as having a straight bow, and carrying two six-inch, and four smaller guns.

SUB SUNK OFF AMERICAN COAST

AN ATLANTIC PORT, Sept. 23.—A large German submarine which was lying in wait for trans-Atlantic vessels 500 miles off the American coast is believed to have been put out of commission and perhaps sunk by the United States shipping board steamship Nansemond.

The encounter, according to the Nansemond's master, Captain William McLeod, began at 12:45 p. m., Sept. 19, and lasted forty-five minutes. Thirty-four shots were fired by the steamer, one of which was a six-inch explosive shell, fired at a three mile range, was followed by the eruption from the submarine of a cloud of black smoke mingled with splinters. Immediately after this shot the submarine which previously had shown only her periscope bobbed to the surface and made slowly off. Captain McLeod and his men believe that they scored a damaging hit.

A GOOD HEARTED JUDGE.

Wichita, Kans., Sept. 23.—"If I were in charge of, and, counting money for the richest corporation in the world, for \$15 a month and my children were facing death from starvation or by freezing, I do not know what I should have done likewise. Dismissed. Pay the \$200 when you are able."

That was the finding of Federal Judge Pollock in the case of Mrs. Maud Quail of Pence, Kans., who confessed to embezzling \$200 while serving as postmistress at Pence, having three small children dependent upon her after desertion by her husband.

War News Summary

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Disasters have overtaken the Teutons over all fields. In Palestine the Turks are all but absolutely crushed. In Macedonia the entente forces are harassing their foes and threatening them with similar disaster; in France the British and French troops slowly, but surely are eating their way into the vitals of the German defensive positions the collapse of which would result in important changes all along the western battle front and in eastern Siberia the Japanese have made additional strides forward in the process of reclaiming that territory for the Russians. In all the theaters of the war the entente allies have the initiative in their hands and are pressing their advantage rigorously. The Germans and their allies nowhere are able to do more than stand on the defensive. And in Palestine and Macedonia, their efforts to declare readiness to enter into peace negotiations.

From north of Jerusalem to the sea of Galilee in the territory lying between the River Jordan and the Mediterranean Sea the Ottoman forces have been caught by the swift drive of the British armies and virtually annihilated. Added to the heavy casualties suffered by the Turks, hordes of them were made prisoners and many more are wandering and withered, without leaders in the hills eventually to be brought in to swell the great total. At last accounts more than 25,000 of the Sultan's soldiers and 260 guns and large quantities of war stores were in British hands. To add to the demoralization of the Turkish morale, allied aviators are carrying out successful bombing raids against Constantinople.

Over a front of eight miles in southern Serbia, from Monastir to Lake Doiran the entente troops are vigorously assailing the Bulgarians and Germans. Already in the swift drive in the center of a great spearhead has been pushed across the Istib-Freiburg road severing communication between the Bulgarian army northeast of Monastir and that in the Lake Doiran region. Unofficial reports are to the effect that the Serbians have taken between 9,000 and 10,000 prisoners and 120 guns.

In the region between Monastir and the Vardar the enemy troops are in full retreat before the Italians, French and Serbians, while west of Doiran the British are steadily hammering their way forward, driving the enemy northward toward the Bulgarian frontier. Already the enemy line from Doiran to a point west of the Vardar has been evacuated. This force of the enemy, with the railroad to the north severed, seemingly is in danger of an enveloping movement unless it turns sharply eastward and presses into Bulgaria thru the mountains.

Not so spectacular but of vital importance have been the operations of the French and British from the south of St. Quentin to Cambrai. Both the French, General DeBenny and Field Marshal Haig have won highly essential ground in the maneuvers which have as their objectives the obliteration of the Hindenburg line and the capture of St. Quentin and the turning of the German line at Laon. South of St. Quentin the French have advanced their line to the west bank of the Oise canal over a front of three miles and now completely outflank St. Quentin on the south and LaFere on the North.

Meanwhile, Field Marshal Haig north of St. Quentin around the village of Epehy has taken strong positions from the enemy in Eastern Siberia the Japanese have captured Blagoviestchensk, capital of the province of Amur and also the town of Alexievsk. Two thousand Austro-German troops surrendered.

Bill to Stimulate Prohibition Bill

Sale of Liberty Bonds Completed By a Large Vote

WASHINGTON, Sept. 23.—Congress tonight completed and sent to the president the administration bill designed to stimulate the sale of liberty bonds by exempting from income surtax and war excess profits taxes the interest on such bonds held by individuals and corporations in amounts not in excess of \$30,000 of the fourth issue and \$45,000 of the first, second and third issues. The measure also provides for regulation of foreign exchange and authorizes an increase in the issue of war savings stamps from \$2,000,000,000 to \$4,000,000,000. A compromise today between senate and house conferees on the measure empowering the president to prohibit any and all transaction in government security paved the way for final action on the measure. The President is expected to sign it tomorrow so that it will become effective before the opening of fourth liberty loan campaign Saturday.

Senate and house conferees today changed the clause authorizing the president to prohibit in his discretion all transactions in liberty bonds so that these bonds may be sold by the holders for cash or offered as collateral for loans. The government, however, will be empowered to stop the practice of exchanging the bonds for merchandise or making first payments on merchandise with them.

OVERLAND CO. TAKES OVER MOLINE PLOW CO.

21 MEMBERS OF CREW UNACCOUNTED FOR

WASHINGTON, Sept. 23.—The navy department was advised today that 21 men of the crew of the American cargo steamer Buena Ventura torpedoed and sunk last Friday off the coast of Spain, still are unaccounted for. There were ninety five men in the crew.

Six officers and 39 men from the Buena Ventura were landed at Brest by a French destroyer and two officers and 27 men have been landed at Corona, Spain.

The department's advisers said the steamer was attacked about 8:30 p. m., being hit by two torpedoes. It sank in six minutes. The submarine emerged after the attack and was described by survivors as being about 350 feet long and mounting two guns.

First information regarding the sinking of the steamer was received last night in a cable from Spain.

ADMINISTRATIVE WATERPOWER BILL PASSES SENATE

Measure Same Form As Enacted By House

(By The Associated Press).
WASHINGTON, Sept. 23.—After a spirited discussion the senate tonight voted 42 to 9 to send the administration waterpower bill as passed by the house to conference for consideration in connection with the senate bill for which the house substituted the measure as drawn by the secretaries of war, interior and agriculture. Three members each of the committees on commerce and public lands will be named as these managers.

Reference of the house bill to conference was opposed principally by Senator Cummins of Iowa, who proposed that it be considered by a general or special committee since it was a substitute for the senate's legislation. Appointment of the senate managers was deferred, but negotiations are expected to begin soon. Several senators declared during the debate today that house and senate differences on policies of waterpower development are so pronounced that a compromise conference was impossible without another vote by the senate. A motion to accept the house bill which authorizes the government or municipalities to take over power properties at the end of the lease period by paying the amount of the net investment was defeated 48 to 2.

Senator Shields of Tennessee, Democrat, said the question of whether the state or the federal government owned and can charge for the use of waterways must be settled and voted upon again by the senate—before waterpower legislation can be enacted. Senator Smith of Arizona, Democrat said in his opinion the federal government has no jurisdiction over any navigable or non-navigable stream other than to maintain its navigability. He declared he was opposed to the leasing system and charged that the government has suppressed waterpower development in the west because of the differences between the senate and house bills most senators today were of the opinion that it will be many weeks before the waterpower legislation finally is completed and sent to the president.

FOR THE NEEDY
BELGIANS.Five thousand tons of clothing
for the destitute people of oc-
cupied Belgium and France!This is the objective of a drive
to be conducted by the American
Red Cross at the request of Her-
bert C. Hoover, chairman of the
Belgium Relief Commission, dur-
ing this week. The clothing drive
of the Red Cross last March
brought in 5,000 tons of garments
and it is estimated that at least
as much more will be required to
clothe the 10,000,000 people in
the occupied territory during the
coming winter.Every kind of garments, for all
ages and both sexes, is urgently
needed. Garments of strong ma-
terials are wanted as they will be
subjected to the hardest kind of
wear. Flimsy garments, ballroom
dresses, high heeled slippers, silk
hats, straw hats and derbies which
were donated in large quantities
in the last clothing campaign will
not be accepted. Such articles
would be of no use. Headquarters
have been opened here in the
Hayden building on South Sandy
street.Eugene Debs, recently found
guilty of seditious utterances and
released on \$10,000 bail made
an address at Cleveland Sunday.
A complete stenographic reportwas made to the judge who heard
his case. If there is anything
verging upon the seditious or in-
cendiary in that address the court
should take quick action in with-
drawing bail. The time for free
speech has passed in this coun-
try, whenever and wherever it is
tinged with disloyalty.A government investigation in-
dicates that the price of food-
stuffs has increased 3 1/2 per cent
during the past year. A man
guessing on these figures would
have made the increase nearer 30
per cent. But along with the
knowledge that a dollar buys so
much less than used to be the
case is the fact that most wage
earners now earn many more dol-
lars than was formerly true. Then
there is an abundance of chances
to earn. While it used to be the
case that there were several ap-
plicants for every position, now
the situation is reversed and jobs
are more numerous than persons
willing or competent to fill them.

OUR INDIVIDUAL PART.

Some observers think that the
most characteristic thing about
the American soldiers in France,
something which astounds the
enemy and excites the admiration
of our Allies, is the capacity
of the American soldiers to do
individual thinking and fighting.
The German fights successfully
only in mass formation, in organ-
ized bodies, while every Ameri-
can soldier has an initiative and
independence of action which gives
him remarkable efficiency in open
fighting. They are not senseless
cogs, but each is an individual
working unit in a great fighting
machine.Every American at home
should feel an individual respon-
sibility and do his or her individ-
ual part in winning the war.
There is not an American citizen
who can not help win the war.
The Fourth Liberty Loan drive,
which begins September 28, of-
fers a great opportunity for con-
certed action and for individual
success if each American will do
his or her individual part as each
American soldier in France does
his part. Our soldiers deserve
such support from the people at
home.CLASSIFYING
AGRICULTURAL LABOR.Wallace's Farmer in the cur-
rent issue expresses approval of
the plan of having an advisory
board of three men to serve with
district boards believing in this
way that greatly needed men will
be kept on the farms. The paper
says:"It is announced from Wash-
ington that the Secretary of War,
General Crowder, the War
Relief Board, the Secretary of
Agriculture and the Secretary of
Labor have agreed upon a plan
to put into deferred classes under
the new draft such persons as are
necessary in agriculture, industry
and other occupations. The plan
contemplates that each district
draft board will have associated
with it an advisory board of three
men, representing agriculture,
industry and other occupations, and
these men will assist the board
in passing upon deferred classifi-
cation matters. The agricul-
tural advisors will be named
by the Secretary of Agriculture,
and the Department has already
begun to gather information from
the various county agricultural
agents of the country concerning
the farm labor needs in their
respective counties."This is a very sensible pro-
ceeding, and if carried out the
right way should help to check
the continual draft upon skilled
farm labor. Farmers should see
to it that the agricultural repre-
sentative on the advisory board
connected with each of these
district draft boards is in fact a
representative of agriculture.
That is, that he is a man who has
a thorough practical understanding
of what is required to make skill-
ed agricultural labor."THE FOURTH
LIBERTY LOAN.This is what the State Council
of Defense says about the com-
ing Liberty Loan:
"Neither the state nor thecounty quotas have been given
out yet, but that does not matter
for the preliminary work. The
obligation of the people is not to
consider quotas, but to marshal
their resources and consider each
for himself his earning capacity
for the purpose of deciding how
heavily he can subscribe. The
preparatory work for the pros-
pective subscriber is to get his
money together to make the first
payment, and to decide what
luxuries, or even things he has
been in the habit of considering
necessities, he can do without to
enable him to buy more bond."America needs the work of all
her people all the time in regu-
lar jobs. So for the good of the
nation it is up to men and wo-
men everywhere to have their
minds all made up about how
many bonds each can take, sub-
scribe quickly without waiting to
be persuaded, and have that job
over with."

Rippling Rhymes

By Walt Mason

THE SILENT GENERAL.

Napoleon, of the great renown,
was fond of sounding phrases. He
cried, "The pyramids look down,"
in Egypt, hot as blazes. He liked
to hit a haughty pose, and try to
look as stately as some huge Alp,
whose loads of snows has adver-
tised it greatly. As great a gen-
eral as he now deals the iron ra-
tions, in charge of France's des-
tiny, and that of allied nations.
Great Foch, who bears the biggest
load that ever mortal carried, who
chased the Teutons down the road
all rattled, beaten, harried! He
is so busy with the Teut, the flood
of vandals damning, he has no
time to elocute or do some epi-
gramming. He hasn't time for
gems of thought, like that old
sport, Rhenzi; he's out to see some
Prussians shot, to keep Huns in a
frenzy. Of high remarks he's not
the fount, like orator and writer;
"Realities are all that count," ob-
serves that grand old fighter. The
fight is hard, the way is rough,
the foes are stubborn stayers, "we
came, we saw, we conquered,"
stuff will do for grand stand play-
ers. Reverses of the foe man
mount, our own are growing fewer;
"Realities are all that count,"
Foch tells the interviewer. He is
so busy canning kings and
squelching tyrant nations, he has
no time to think up things for
schoolboy declamations.

SUNDAY AUTO DRIVINGResident of Alexander Paint Car
One of Occupants in Service of
Uncle Sam at Rahe Auto
School.Alexander, Sept. 23.—The vil-
lage of Alexander was the scene
of considerable excitement Sun-
day morning when a car, one of
the occupants whom was Sebast-
ian Kume, a soldier in the serv-
ice of Uncle Sam, was painted
yellow.The painting was done by Mor-
ris Hickerson of Alexander. Mon-
day morning Hickerson was hail-
ed before Justice of the Peace
George H. Hall and fined \$10 and
costs. Citizens of Alexander were
so wrought up over the incident
that they paid Hickerson's fine.
Those who contributed the money
were Ernest R. Strawn, J. J.
Proffitt, Ed. Erickson, C. H. Beer-
up, K. V. Beerup, John Baker, Ed.
Kinney, Otis Cook, John Hohman,
Philip Hohmann and Kelly Rob-
bins.C. H. Beerup talking with a
reporter for the Journal Monday
afternoon said that Kume, who
is in service at the Rahe auto
school was home on furlough.
Sunday morning he came to the
postoffice for the mail in a car,
despite the fact that his home is
about half mile from the post
office and the government's re-
quest that gasoline be conserved.
Mr. Beerup and C. M. Strawn
said that when Hickerson painted
the car, at least three other
persons had started for paint to
do the job. Mr. Beerup also said
that the residents of Alexander
had not intended to let Hickerson
pay the fine but had intended to
carry the case up to a higher
court.However, the fine was paid, but
that the citizens of Alexander are
still determined that Sunday auto
driving especially in Alexander,
shall cease so long as the govern-
ment has a ban on the use of
gasoline.The warrant for Hickerson
was sworn out by Mrs. Alice
Kume, who owned the car Hick-
erson painted.LIBERTY LOAN

Important Notice.

The following notice concerns
registrants who were on Sept. 12
between the ages of 19 and 36
inclusive, and under the jurisdic-
tion of this local board and whose
serial numbers are between 559
and 1056, inclusive.Notice.—"They" has this day
been mailed to you a question-
naire which you are required by
law to execute and return within
seven days from the date hereof.
Failure to do so constitutes a
misdemeanor, punishable by not
to exceed one year's imprison-
ment, and such failure may also
deprive you of valuable rights
and result in your immediate in-
duction into military service and
trial by court martial.

Dated September 24, 1918.

Members Local Board.

N. B. Notice similar to the
above, bearing date of Sept. 22,
applies to registrants whose se-
rial numbers were 1 to 558 inclu-
sive.

Questionnaires to Registrants.

The first lot of questionnaires
for registrants of Sept. 12, were
in the mail deliveries Monday
morning, and about the same
number will be mailed each day
this week. They are intended to
go only to men whose ages on
registration day were 19 to 36
years, both inclusive.Questionnaires should be re-
turned to the local board by mail
in the addressed envelopes (no
postage required) enclosed with
them.Men of 37 to 45, both inclusive
and those of 18 years, will not
be required to file questionnaires
at this period, and the blanks
will not be sent to such regis-
trants until ordered by Provost
Marshal General Crowder.

Claiming Deferred Classification.

Many men have been heard to
say that they will not claim ex-
emption or deferred classification
even if entitled to it. In most,
if not all cases, true patriotism
is the inspiration for this state-
ment. Failure to claim such de-
ferred classification as seems jus-
tified by the answers to the de-
pendants, and as to industrial and
agricultural enterprises, will
partly defeat the purpose of the
question. Compare your status
with the classifications named on
the questionnaires and indicate
the classes and divisions that ac-
cord with it. If the local board
and the district board and that
you are entitled to deferred clas-
sification and so classify you, you
may waive deferred classification
at any time you can leave your
family or business, and you will
be placed in class 1.

CONSERVATORY NOTES

The Conservatory opened its
1918-19 year on Wednesday, Sep-
tember 18th. Contrary to expecta-
tion—under war conditions—the
registration was the largest for a
number of years. The Faculty re-
mains the same as last year.Mrs. Wilson spent most of the
summer at Duluth, Minn., where
she taught some in the State Nor-
mal school and gave several con-
certs for the benefit of the Red
Cross with great success. Mrs.
Bullard remained in Jacksonville
with the exception of short visits
to Chicago. Mr. Krich and Mr.
Munger returned about Sept. 1st
from a camping trip thru Color-
ado and Wyoming, having been
gone about two months. Mr. Coch-
ran accompanied them. Miss Dun-
can was at her home in St. Ste-
phen, N. H., during the summer,
teaching a large class of piano stu-
dents. She also took a four weeks
course in Public School Music in
Chicago. Miss Marguerite Butler
was married in August to First
Lieutenant Emmett Keating of
the U. S. Navy. She will continue
in her capacity of assistant in-
structor in Voice at the Conserva-
tory. Miss Pires put in four weeks
of her vacation at the Dunning
School of Improved Music Study
in Chicago, reviewing the course
in which she graduated the pre-
vious summer. Miss Forrester
spent her time at her home in
Kahoka, Mo., and Mr. Beebe re-
mained in Springfield.Miss Helen Sorrells, a gradu-
ate in Violin last June, is mak-
ing a concert tour this week thru
Illinois, being one of the Red
Cross Quartet, of which Miss
Edna Hackett is also a member.
They will give concerts in Green-
field, Jacksonville, Monmouth,
Rock Island and Moline, gradu-
ating Saturday, Sept. 28th.Miss Bessie Sorrells, a gradu-
ate of the Conservatory, has been
appointed head instructor in
Piano at the State School for the
Blind, at Vancouver, Washington.
She has also charge of the con-
ducting of the Chorus there.Miss Alma Forsythe was a vis-
itor at the Conservatory just be-
fore the opening of the semester,
and has resumed her tour with
the Redpath Concert Company,
who give concerts thru the South
and in cities on the Pacific Coast
this winter.Owing to the military regula-
tions at the College the chorus
rehearsals will not be resumed for
the present.The Conservatory Orchestra
will meet Wednesday evenings at
seven as usual.O. O. Petty of Beardstown

city.ARMY HOSPITAL WORK
IS CLEARLY OUTLINEDMajor A. R. Cullimore Writes In-
teresting Letter from San Fran-
cisco—Has Brother in Service.Many people here will be inter-
ested in reading the following let-
ter written by Major Allen R. Cul-
limore, now located at the U. S.
army Letterman general hospital,
San Francisco. Major Cullimore
is a son of Mrs. Mary Joy Culli-
more, formerly of this city. The
letter was sent here to a friend in
response to many inquiries about
Major Cullimore's work. Clarence
Cullimore, another son of Mrs.
Cullimore, is now at Camp Han-
cock and is soon to go overseas
with a machine gun company. The
letter from the hospital referred
to gives a very interesting insight
into the work the government is
proposing to do along the line of
reconstruction.Letterman General Hospital,
United States Army
Presidio of San Francisco, Cal.
San Francisco, Cal.
September 16th, 1918.

My Dear Mother:

I promised to write you about
my work and there seems to be
time this morning so I am going
to make the most of this oppor-
tunity.There are really three classes
of patients in the hospitals now.
(a) Those who can some day go
back to full military duty. (b)
Those who can go back to what is
known as domestic or limited ser-
vice and still of course remain in
the Army. (c) Those who on ac-
count of their disability must go
back to civil life as soon as their
convalescence is completed.Taken as a whole we hope to
make the hospital experience of
all these men instructive educa-
tionally as well as physically. All
of them have much spare time us-
ually spent in loafing and we
take advantage of this for educa-
tional work. The function of our
educational work is really two-
fold, vocational and curative. That
is we hope to help a man voca-
tionally and help in his cure at
the same time, thru our curative
work shops, etc. Take for in-
stance a man under class (a) who
will go back ultimately to full
duty.

Giving All a Chance.

We find that many of these
men are very deficient as far as
their primary schooling is con-
cerned. They have never had a
real chance at an education, very
few comparatively have passed
the sixth grade. Anything that
we can give him which makes
him a better citizen we believe is
justified. Such boys receive work
in English, arithmetic, spelling,
etc. Of course we do not give
him all day work in these sub-
jects but attempt to supplement
the strictly academic work with
shop work. In the case of this
class of men the function of shop-
work is therapeutic entirely. Of
course it is recognized that when
a man's interest is stimulated and
when he is kept happily busy all
day his cure is effected much more
quickly. So you can see in our
auto-repair shop boys who will go
back to full military duty cov-
ered with grease and dirt supremely
happy and with good appetites
and ten hours sleep as a result
of the work. The educational
work is interspersed with exer-
cises and supervised games run-
ning all the way from croquet to
handball so that it will not be
all work and no play. Even while
the boys are in bed they take up
basket weaving, knitting, weav-
ing, block printing, etc., which
interests them and keeps them
happy. In these men under (a)
of course we have no amputations
or really crippled cases.Under (b) are those men who
can go back to limited service. We
have heart cases, flat foot, arth-
rit, B. and a host of men who
cannot "carry-on" in the first line
under a heavy pack but who can
help with the war by doing their
bit at home or a little behind the
lines. The army needs auto-me-
chanics, oxo-acetylene welders,
painters, etc. We are training
men in the hospital for these
things, every man who goes in as
a clerk in the Q. M. Department
releases a man who goes for over-
seas duty. Under this class we
have games and recreative fea-
tures too but the aim is really
vocational. We teach almost every
trade from embalming to account-
ing, and our biggest work now is
in auto shop, bookkeeping, type-
writing and stenography.

Still Another Class.

Under (c) we have the men
who are to return to civil life.
Many, a very great many of these
men can go directly into their old
work and a large proportion ofthem have jobs waiting, altho
they are commonly known as crip-
ples. A man who is a bookkeeper
can go into his old job if he has
lost an arm, if he is right handed
and has lost his left arm he is
not economically crippled and if
he has lost his right arm we teach
him to write with his left hand.
Many of the men who go back to
civil life need better training and
in many cases they can go direct-
ly back from the hospital. There
are however unfortunately a num-
ber of cases where a man must
receive a real trade re-education.
It happens where the disability
conflicts with the former occupa-
tion, like a postman who has lost
a leg. In some of these cases a
complete vocational re-education
is advisable. We start this in the
hospital and the work is carried
on after his discharge by the fed-
eral Board for Vocational Educa-
tion. One of the interesting fea-
tures of this class, is the work in
specific functional rehabilitation
cases of lost or limited motion of
arms and legs, stiff joints, etc.,
where in our workshops and our
games we try to restore the power
lost, by suitably prescribed work.The training of the men to use
their limbs is an interesting phase.
So many people ask why all this
has to be done in a hospital. Other
countries have found that unless
the man's interest is aroused and
stimulated early and unless he is
kept interested that he easily falls
into the class who "accept charity
and live on pensions." We have
learned from Germany that if we
are to hold him we must touch
him early. Perhaps our whole
object is to create for the handi-
capped man, economic independ-
ence based on professional skill
and social equality based on self-
respect without charity in its
worst form. As I tell some of the
boys if we can just get you to the
point where you take pride in
our work because you can do it
better than the great majority,
you have nothing to fear from
your employer or from the society
in which you live. Sometimes it
is a little hard to make a man be-
lieve that he will be happier if he
works well and hard and looks
the world in the face, than if he
lives on a government pension
alone. Of course nothing that the
man can do will affect the pen-
sion he will receive but for his
own happiness we want him to
take his place in the normal ac-
tivities of what we hope will be
a better world.

Not Saving Jobs.

Above all we do not want so-
ciety to save a job for him, we
want him to take away from so-
ciety a job, because and only be-
cause he can do it better than the
man who now holds it. Sometimes
we hear that certain jobs should
be set aside for one armed men
for instance such things as cross-
ing tenders and night-watchmen.
This is fundamentally wrong. Per-
haps we will have a few men who
cannot do better than this but I
think they will be mighty few, if
I know the type who are going
over. So please don't try to hand
the poor crippled soldier anything.Here at Letterman we are
teaching now about 180 soldiers
along the lines outlined above
with results that I hope will be
sound. The deeper we get into
the work the more worth while it
seems. There is nothing in this
letter which the censor will object
to I think. I wonder if you would
care to show it to Professor Allen.
I am sure he would be interested.
Everyone wishes to be remembered.Affectionately your son,

FARM PROPERTY

Although labor is scarce many men already gone to war and many others recently registered, we have more arm buyers than of any previous time. Just closed a deal for one of the best farms in the county. Besides these listed below we have many other farms to offer that still look like good investments. It is not so good a time to buy as it was five, ten, twenty or fifty years later. Do it now. No. 50. Four and one-half miles south of Woodson, 160 acres timbered, mostly level farming land, well fenced and well watered. There is a good six room house, barn for eight horses, large corn crib, silo and feeder shed and other buildings. Will take a residence property in exchange. Price \$150.00 per acre.

No. 51. 80 acres four miles from Lena, Wisconsin, near church and school, eight acres in timber, balance in pasture and cultivation. This is highly productive land and is only for sale because the owner is called to the colors. There is a good eight room house, basement and all. There is a good horse and dairy barn with concrete bases. Implement shed, hog houses and other buildings. Price \$8,000; will consider city property as part pay.

(C). Near the city we have just listed a fine farm of 140 acres, thoroughly well improved for a short time only at \$225.

CITY PROPERTY

Three Latest Bargains: (A) A nice little three room cottage for \$1,000.

(B) A seven room modern house in the third ward, all in good shape, for \$2500.

(C) A new house of eight rooms, modern throughout, with garage, for \$3500.

AN APPEAL FOR YOUR SPARE CLOTHING FOR RELIEF IN BELGIUM

The destitute of Belgium and Northern France Need Your Spare Clothing.

Back of the German wall that has hemmed in Belgium and part of Northern France, ten million human beings look to us for clothing, as well as food. We, who are well clothed can hardly appreciate in what dire need these people are for lack of necessities. Stocks of clothing and raw material are long since exhausted. There are no imports other than those the Commission for Relief in Belgium has been permitted to make and these never have been sufficient.

The world is now short of both clothing and raw material, as the Commission can no longer purchase what is needed. But you can give it.

Every household in the land has some spare clothing, worn or outgrown, of little use here, but desperately needed by the destitute there. This extract from a letter of a well-to-do lady of Brussels shows the conditions exactly:

"Perhaps you will laugh when you hear that I wear a cloak made from my husband's garde civique overcoat, a waist made from his football shirt, and a skirt made of a dyed bed sheet."

"Mother has a suit of the table cloth J— and M— have cloaks made of woolen blankets, and S— a dress made of burlap. But all this is only amusing in comparison with the wretchedness of the population. After all, we remain calm and confident of victory."

RED CROSS PLEDGES If your Red Cross pledge has not been paid take care of this matter at once. Morgan county people subscribed \$76,000 to the Red Cross fund and only \$45,000 has been paid in. Remember how essential to the progress of the war and to the comfort of the soldiers at the front this Red Cross work is. Duty and patriotism both demand that Red Cross pledges be given immediate attention.

LEAVE FOR LINCOLN Dr. and Mrs. C. C. Atherton will leave today for the Lincoln State School and Colony. Dr. Atherton who has served acceptably as assistant managing officer at the Jacksonville State Hospital for the past three years, is to have a similar post at the Lincoln institution. Both Dr. and Mrs. Atherton will take with them the good wishes of their many friends in Jacksonville. The vacancy caused by Dr. Atherton's going will be filled by Dr. F. Freemantel, who has been located at the Lincoln hospital.

OBITUARY.

Benjamin Franklin Jones was born in Muskingum County, Ohio, July 25, 1839, and died at the home of his daughter, Mrs. J. M. McNeely, three miles south of Nortonville, at 3:45 a. m. on Sunday, September 15, 1918, being 79 years, 1 month and 20 days of age at the time of his death. He came with his parents to this country when a boy, the family settling on a farm southeast of Piquette. He professed faith in Christ in a meeting held in the grove, west of where the Durbin school house now stands and joined with the body that later became the Durbin M. E. church in 1862, being a charter member where he has every since held his membership. When the Civil War broke out he hearkened to his country's call, and volunteered his services in 1862, and fought in the Union army, until the close of the war.

On January 30, 1868, he was united in marriage to Miranda Sargent of Franklin. To this union were born eleven children, Warren Turner, who departed this life, December 1911, Julia Alice, wife of George Ribelin of Missouri, died April 1910, William Robert, of Montana, Harriet Isabelle, wife of J. M. McNeely, of Nortonville, George Elliott, of Murrayville, Elmer Benjamin at home, Arnett Paul, dying in infancy, Walter Jesse of Modesto, Rolfe Ernest of Canada, Nellie Kessiah, wife of Joe Seymour of Modesto, Bertha May, dying in infancy. The wife and mother died Sept. 21, 1891. In 1839 Mr. Jones and his family of children moved to Nortonville where he has since resided. The last ten years he and his son Elmer have lived and kept the home together. He was of a gentle disposition, and a man of strong Christian character, and in his death the children have lost a kind father and a wise counselor, the people of Nortonville and vicinity a close friend, the veterans of the Civil War, a warm hearted comrade.

Deceased had been in poor health the last year and as the weary weeks of his last illness wore away and the body failed we have the assurance that his hope became brighter. The end came quietly, and the happy soul was liberated from the tenement of clay and was waited away to be forever with the Redeemer he loved. And his children rise up and call him blessed, for "blessed is the dead who die in the Lord. From henceforth, yea saith the Spirit, they shall rest from their labors and their works do follow them."

He leaves to mourn his going, seven children, twenty six grandchildren and five great grandchildren, four brothers, Zach Jones of Jacksonville, John Jones of Edwardsville, Joshua Jones of Oklahoma, three sisters, Hannah, Meredith, of Franklin, Mary Hobbs of Franklin, Sarah Kelly, of Jacksonville, with a great number of relatives and friends.

Funeral services were held Wednesday from the Providence M. E. church at 1 o'clock, conducted by the Rev. W. E. Keenan of Franklin after which the body was laid to rest in the Providence cemetery. The bearers were nephews, George Dunston, George Bodsworth, Grant, Carl, Samuel and Ernest Jones. Music was furnished by the Durbin and Providence chorals. The flowers were many and beautiful.

Bury by four nieces, Mrs. Effie Walter, Mrs. Edith Millard, Mrs. Laura Sheppard and Mrs. Susan Carlson.

the interest that there is good
reason to hope that the full al-
lotment for this county can be met
in those three days and thus save
the arduous work of a long cam-
paign. One reason for this expect-
ation is that all the banks of the
county have already received a
great many subscriptions. For
weeks past people have been mak-
ing inquiry about the bonds and
as to the probable time of their
issuance.

In many instances orders have
been left with the banks and the
total of such subscriptions already
received amounts to several hun-
dred thousand dollars. Mention
was recently made of the case of
one Jacksonville woman who sev-
eral weeks ago left her subscrip-
tion for \$20,000 worth of bonds.
In every war time enterprise thus
far Morgan county has come well
up to the mark and there is every
reason to think that this good will
be followed during volunteer days.

MR. GREENSTONE STARTS STORES ELSEWHERE

Will Be Operated in Connection
with Emporium in This City —
Mean Greater Buying Power for
Proprietor.

Henry S. Greenstone, proprietor
of the Emporium, has met with
such business success in Jackso-
nville that he has determined upon
establishing stores in a number of
other cities. During the past sum-
mer he opened a store at Sedalia,
Mo., and more recently one at
Springfield. These new establish-
ments, like the Emporium here,
will show a complete line of wom-
en's ready-to-wear goods.

Mr. Greenstone has a very ex-
tensive stock at the store here and
this season, notwithstanding the
difficulties in buying, he is able
to show most attractive lines. The
additional buying power that is
possessed by his having a series
of stores will be a distinct advan-
tage to him in merchandising as
well as to patrons of the store.
Mr. Greenstone spends a consid-
erable part of each year in the
markets and is thus able to get
the best goods for his establish-
ments.

LIEUT. CAPPS DRILLED COMPANY C

At the regular drill of Co. C,
Monday night, Lieut. James Capps
was present and by invitation put
the men thru a number of military
movements. The lieutenant also
gave a very clear blackboard ex-
planation of squad movements.
When he was presented to the
company Capt. Vickery mentioned
that Lieut. Capps was the only
man at Plattburg school under 21
years of age who received a com-
mission. This very fact gives the
best kind of testimony as to the
record he made at the school.
Lieut. James and Capt. Vickery
also took part in the drilling and
the men spent two hours in active
work.

At roll call Lieut. James em-
phasizing the value of the com-
pany drill work, especially for
men of the selective draft age, re-
ferred to the record recently made
by W. A. Pay who is in the or-
dinance school at Camp Hancock.
When a group of 150 men was
drilled recently a test was made
and as each man made a mistake
he stepped to the rear, with the
result that Private Pay was the
last man to stand in line. Lieut.
James said this was due to the
training the soldier had had here
in Co. C and the earnest interest
he had all along manifested in the
military manual.

BOY SCOUTS DID

FINE WORK.

The Boy Scouts, under com-
mand of Scout Masters Walker
and Darr did some effective work
for the Liberty loan organization
yesterday. Some of the Scouts
began in the morning under Mr.
Walker's supervision and both
troops were out in the afternoon,
placing window cards and posters
and distributing other Liberty
loan advertising matter. They
covered the business district
thoroughly, then went to the rail-
road stations, to Capps mills,
various hotels and some of the
stores in residence districts.

In addition they placed stickers
on windshields of many cars. Some
other work is to be done during
the week, as the scouts have of-
fered their services for anything
of this kind that they can do and
Chairman Capps and his assist-
ants are only too glad to take
advantage of the offer to secure
this generous assistance.

SOCIETY VOTES TO PURCHASE BOND

Women of the Aid Society of
Central Christian church have
shown their interest in the lib-
erty loan campaign by vot-
ing to purchase a \$100 bond. The
indications are that like action
will be taken during the week by
a number of women's clubs, socie-
ties and church organizations.

KELLEY FUNERAL AT WINCHESTER

Services Were Held Monday
Afternoon—Patriotic Gather-
ing at Baptist Church Sunday
Night—News Notes.

Winchester, Sept. 23.—L. H.
Strang and family of Roodhouse
were recent visitors at the home
of John Lashmet and other rela-
tives.

Mr. and Mrs. Lee Knapp of
Las Vegas, New Mexico, are
guests at the home of William
McLaughlin and William Knapp
west of the city.

The funeral of John Kelley was
held Monday afternoon at 3
o'clock at the Christian church.
Elder John Coats officiating.
Music was furnished by the choir
of the church. The bearers were
David Hawk, Grant Coultas, Ed-
gar Gibbs, James Antle, J. Todd
and Bert Emerick. Burial was
made in Kincaid cemetery. The
deceased is survived by the fol-
lowing children: Miss Enice Kel-
ley, Jacksonville; Mrs. Bert Em-
erick, Peoria; Mrs. Ina Roberts,
southern Illinois; Basil Kelley,
Camp Dix, N. Y. Among those
from a distance in attendance at
the funeral services were J. Todd
and daughter, White Hall; Wiley
Kelley, a brother, Springfield.

Lieut. J. M. Riggs, Jr., of
Wayland, Mo., is here for a fur-
long visit with his parents, Hon.
and Mrs. J. M. Riggs. The young
man is in the medical corps at
the aviation camp at Ft. Omaha.

Miss Margaret Priest returned
Monday to Quincy to resume her
studies at the Gem City Business
College.

Mr. and Mrs. R. M. Wills re-
ceived a letter Sunday from their
son, Jesse Wills, now in service
overseas. The young man is in
excellent health and spirits.

A large audience gathered at
the Baptist church Sunday even-
ing to hear an address by Mrs.
Featherston of Chicago who is
here in the interest of the coun-
cil of defense. The speaker en-
tertained the audience for two
hours, giving many details of the
work now in progress under the
direction of the council of de-
fense. The Four Minute double
quartet gave two numbers which
were much enjoyed. At the close
of the service the assemblage
joined in the singing of America.

Mrs. Kirt Dyer is here for a
brief visit with relatives and
friends. She has been spending
some time with her husband at
an army training camp.

COUNTY COURT LIQUOR CASES

Two liquor cases were dispo-
sed of in the Morgan county court
Monday. At the morning session
Phil Grant, whose case had been
set for trial this week, by his at-
torney, Paul Samuelli, entered a
plea of guilty to one count of the
indictment against him. The
action was taken by consent of
the state's attorney as is the cus-
tom under such circumstances,
and a nolle pro order was en-
tered as to the other counts of
the indictment. It was the judg-
ment of the court that Grant
should pay a fine of \$100 and
costs.

The trial of Sallie Jones Rice
occupied part of the morning and
afternoon court hours, the case
being given to the jury about 6
o'clock. After very short delib-
eration the jury brought in a ver-
dict finding the defendant guilty
on three counts of the indictment.
The jurors were G. E. Petefish,
J. S. Sheppard, J. E. Hoffman,
Thomas Boyd, Charles Aude-
kamp, G. M. Blair, C. H. Dahman,
George W. Hollinger, W. L.
Leach, George Dietrich, Earl But-
cher and T. M. Crum. The de-
fendant was represented by W.
W. Wright and the state's case
was in the hands of State At-
torney Robinson.

In the case of Samuel Thomp-
son, charged with violating lo-
cal option law, a continuance was
granted.

WITH THE SICK

Mrs. Charles E. Patterson, 1110
Hackett avenue, who has been
seriously ill for six weeks is show-
ing a slight improvement.

D. Adams is again at home
on South Main street after a long
period of sickness at the Home
sanitarium. He was ill with pneu-
monia with complications and
has so far recovered that he was
able to return to his home. Mr.
Adams is now able to see his
friends.

L. C. Matthews continues quite
ill at his home on East College
street.

P. J. Meaney, who has been
suffering several weeks with ty-
phoid fever has gone from Our
Savior's hospital to his home.

Mrs. James McCormick, has
recovered from her recent double
operation and is now at the home
of W. D. McCormick on Grove
street.

WOMAN INJURED IN COLLISION

Miss Cornelia McGrath was
painfully injured about 11:30
o'clock Monday night when a
buggy in which she was riding
with her brother was struck by
an automobile driven by Charles
Dunnaway of Murrayville. The
injured woman was taken to the
office of Dr. W. P. Duncan who
attended her injuries and was
then taken to her home.

The accident occurred in South
East street near the Brook. Both
vehicles were traveling south and
Dunnaway whose lights were not
in good order struck the buggy
from the rear. The occupants were
thrown out and the rig demolish-
ed and the horse ran away.

WILL MEET WEDNESDAY

tist church will meet in the
church parlors Wednesday at
2:30. All members requested to
be present.

Lloyd A. Reid of the firm of
Rabjohns and Reid, went down
to St. Louis on business yester-
day.

MRS. NORTHCOTT DIED AT HOSPITAL HERE

Death of Winchester Woman Re-
sulted From Burns—Inquest
Held.

Mrs. Grace Northcott, who was
severely burned at her home in
Winchester several weeks since,
died at Our Savior's hospital at
5:30 o'clock Sunday evening.
Ever since the accident to Mrs.
Northcott, which was the result
of dropping a lamp, she has been
in a serious condition. The de-
ceased, who is the widow of the
late Charles Northcott, is sur-
vived by the following children:
Lena, Russell, Eva, Albert, Freda
and Wilbur.

Funeral services will be con-
ducted this morning at 9:30
o'clock at St. Mark's Catholic
church in Winchester.

An inquest was held by Cor-
oner Rose Sunday evening. One
of the witnesses was Miss Nellie
Lashmet, who went to the North-
cott home soon after the acci-
dent. She stated that the de-
ceased had told her that when
she stooped to pick up the chim-
ney of the lamp which had fallen
to the floor, that her clothing was
ignited. Dr. J. W. Eckman, who
attended Mrs. Northcott, soon
after the accident, gave the facts
relative to her injuries and said
that he realized from the begin-
ning that the condition of the
patient was serious. The final
verdict was Dr. J. W. Haigrove,
who told of the condition of the
patient here and of the treatment
given. The verdict returned by
the jury was in accordance with
these facts. The jurors were
Martin Kenny, foreman; Ray C.
Walker, Louis Steer, Clyde C.
Hembrough, Albert Farrow and
Ray Harmon, clerk.

DEATHS

Brock.

Miss Mary Brock died at Pas-
sant hospital at 9 o'clock Mon-
day morning after a long illness.
She had been a patient at the
hospital for over a year.

Deceased was born in Green-
castle, Ind., Feb. 12, 1833, and
her early life was spent in that
city where she made her home
with her parents. Upon their
death she came to Jacksonville
to make her home with her broth-
er, Marquis L. Brock, of 302
Woodland Place, who passed away
a number of years ago.

Immediately after coming to
Jacksonville in 1876 she became
a member of Grace church. Dur-
ing the years since she has been
active in the work of the church.
This continued even after her
health failed and she ever took
an active interest in church af-
fairs. Miss Brock was of cheer-
ful disposition and her life was
one devoted to service for others.
She was beloved in a wide circle
of friends and the influence of
her life will be felt in the years
to come.

Brief funeral services were
held at the home of Mrs. A. L.
Hay, 1516 Mound avenue Mon-
day evening at 6:30 o'clock in
charge of Dr. Joseph R. Harker
and the Rev. F. B. Madden.

The remains will be taken to
Greencastle, Ind., this morning
for burial in the family lot in com-
pliance with the wishes of the
deceased. Dr. Harker accompan-
ied the remains.

Schofield.

Miss Mildred Schofield died at
the family home, eleven miles
southwest of Jacksonville Monday
morning at 5:30 o'clock. While
she had never been strong her
last illness was only of one week's
duration.

Deceased was the daughter of
Mr. and Mrs. Fletcher Schofield
and was born in this county July
8, 1903. Besides her parents she
is survived by one sister, Mrs.
Jessie Fearnough.

Funeral services will be held
from the residence this afternoon
in charge of the Rev. M. L. Pon-
tius. Burial will be in Diamond
Grove cemetery.

Steinkuehler.

The death of Mrs. Frederick
Steinkuehler of Springfield oc-
curred at a hospital there Monday
morning at 1:15 o'clock. Deceased
was stricken with typhoid fever
three weeks ago and later pneu-
monia developed and her death
resulted as indicated. She was
a sister of Harry, John and Albert
Phillips and Mrs. George Siegfried
all of this city.

Funeral services will be con-
ducted from the residence in
Springfield, 1304 E. Enterprise
street, Wednesday afternoon at 2
o'clock, with interment in Oak
Ridge cemetery.

The maiden name of the deceas-
ed was Elizabeth Jane Phillips
and she was the daughter of
Henry and Elizabeth J. Phillips.
She was born in Plymouth, Eng-
land, Oct. 29, 1880, and while a
child came with her parents to
this city. She was educated in
the schools here and on Jan. 1,
1890, was united in marriage to
Frederick Steinkuehler. The fam-
ily home was in this city until
ten years ago when a removal
was made to Springfield. The
husband and four sons survive.
One of the sons is in the army
service and his present location
is not known. Another son is
critically ill with typhoid pneu-
monia at the home in Springfield.

other:
led you a few lines when

I was in a hurry, but now have a little more time. We arrived here Sunday in time for supper. We then signed up and were sworn into U. S. service.

Mr. Armour of the Armour Packing Co., has moved out of his well big house and turned it over to us as our home, some swell place not like it would be

in camp. We then chose our room. Of course we "bunch" of five men" scrambled and got the best rooms on the third floor. We then had to carry things up. We were given tickets to go down and fill with straw, were given two nice wool blankets, one to sleep on one to cover with, 1 plate, 1 cup, 1 bowl, 2 spoons, 1 knife and fork. Must not lose or break them. We have very nice meals, nice cool place to sleep, Y. M. C. A., music and ball grounds. There are 101 new boys here, one from each county. Our uniforms are here now and as soon as they find out who will stay we will get them. Each man has to take his turn at different duty. They call us any time of night for guard duty. In the day time we work as kitchen police, sweep, scrub, wash our clothes and dishes after each meal. Get up at 5:30 shave and take a bath and be ready for breakfast at 6:30. All lights are out at nine bells. From tonight until Saturday we get off from 6:30 until 10:00. On that day we take our first shots and will be laid up for some time, not allowed to leave the place for 30 days. Then we take a two months' course in auto work, and if we don't pass we get 30 days more, and if we fail then we are sent to some camp as a soldier. Tell Allen if he or any one else wants to send anything to send some Camels to smoke. Well, this letter is

meant for all in the family to read. So tell them all to write. I remain as ever,
Private James M. Hogan,
3254 South Michigan Ave.,
Chicago, Ill.

From Louis Bosse.

The following letter has been received by Miss Eda Bosse of West College avenue, this city, from her brother, Corp. Louis Bosse, with 115th supply train, Co. E., A. E. F., England,
July 28, 1918.

My Dear Sister:
Just these few lines this morning to advise you that I arrived over here all o. k. And let me tell you that I sure was tired after carrying that 50 pound pack and a rifle for about six or seven miles.
This certainly is a beautiful country and the crops they raise are big ones. Everything is so much different here from what it is in the U. S. They drive on the left side of the road, and they do not work their horses in teams but work them one in front of the other. The houses are mostly built of brick and the fences are built of stone. The roads are all paved and of course in fine condition. They talk about the pretty girls over here but I have got to see the first one yet. They certainly do fancy the U. S. boys over here. I would enjoy getting out to see the country but cannot get any passes. Will have lots to tell you when I get back home. This is all for this time, hoping all are well at home.

From Henry Kleinschmidt.

Mrs. Chares Ballington of 767 Bedford street, this city, is in receipt of the following letter from Henry Kleinschmidt, 24th Co. 161st Depot Brigade, Camp Grant, Ill., Sept. 14, 1918.

Dear Friend:
Have been intending to drop you a few lines but have been kept very busy all the time. I am writing this letter now about the sweater, kit, wristlets and cap which I received from the Red Cross and for which I thank you very much indeed. I really do not know how I could get along without these articles. I have been on the sick list for the past two days with a severe cold while I caught while on guard duty for 24 hours. The weather has been disagreeable and cold here for some days and it gets very cold at night. We are still wearing our light clothing but I hope we will soon have some heavier clothing.
I have been at this camp since July 25, when I was drafted into the service. I came here from Wisconsin, where I have been farming for the past six years. Prior to that time I was a resident of Springfield, Ill.

Well, this is sure some camp. They are going to build it much larger so they can house 20,000 additional soldiers here. I have a brother at Eagle Pass, Texas, where he has been since April 26. He is in the 3rd Infantry, Co. K, and is serving as corporal. I have been doing very well since I have been here and I think I will be listed as a corporal next month, having been acting corporal for four weeks past.

Army life certainly does a man a great deal of good, teaches him to be alert and obey orders. There are about 200 German prisoners here now and they are some looking bunch too. Have you anyone in the army at this camp? If you have I would be glad to have their address as we boys always like to visit each other here. I suppose the young men from Jacksonville are nearly all gone, also. All we can do is to live in hopes and do all we can to bring the close of the war, which I hope will be soon.

Thanking you once more for the sweater and other articles from the Red Cross, I am,
Yours truly,
Henry Kleinschmidt,
24th Co. 161st Depot Brigade,
Camp Grant, Ill.

From W. E. Harvey.

On Active Service With the American Expeditionary Forces.
July 28, 1918.

Dear Elbert:
The Christmas package which you, Mrs. Ross, Loleta Senters and Helen Taylor wrapped up so carefully last October was kept in a huge warehouse in Central France and just brought up to us soldiers a few days ago. However I enjoyed it as much and probably more than I would if Santa Claus had brought it, as he would have found us sleeping in tents in Washington, D. C. Here we are living in the midst of a forest and often become very homesick for our mothers and fathers back in your land, so you see your package did much to make a soldier smile and feel happy again.

I am glad you liked my teacher Miss Nanny and that you were a good enough boy to pass on to the sixth grade. Soon you'll become a man and a soldier too and help us bring the war to a close. I hope you will be a large iron cage for him in your zoo where we can keep him safely. No, we haven't any horse to ride over here as they must work as hard as we do pulling wagons full of food and building guns up to the lines.
Yes, we work hard building roads for those horses to run over and work until 9 o'clock at night frequently to finish the work. By that time you are probably in bed, growing to be a big man some day and ready to be a soldier any time. I hope you are a good boy as we are

working hard just to make life pleasant and free for you.
Now I want you to thank Mrs. Ross, Loleta and Helen for me, will you? Little people like you are well worth my humble efforts.

Ever your friend,
Private W. E. Harvey,
Co. "C" 23rd Engineers,
A. E. F., France.

From W. H. GHL.

The following letter is from Sgt. W. H. GHL to his mother, Mrs. Mary GHL:

Dear Mother:
The Huns had quite a time getting me but they finally succeeded with a dose of gas on the 24th of July, which worked on my lungs and developed into pneumonia, from which I am slowly recovering. I have been too weak to write, am not very strong yet, but expect to pick up right along now. I get the best of treatment. The doctors and nurses are fine. I had one nurse from Minneapolis.

Your son,
William,
Pase Hospital, No. 26,
A. P. O. 717, A. E. F.,
France.

From Eugene Carter.

The following letter has been received by Daniel W. Carter of this city from his son, Eugene Carter, with Co. B, 336th Infantry, A. E. F.:
Aug. 28, 1918.

Dear Father:
I am writing you this letter to let you know that I am in the best of health and enjoying army life exceedingly. It reminds me of the Fourth of July here all the time but the people are so accustomed to it that they do not pay any attention to the noise. The French language is very queer to me but I am gradually learning a little of it, and am able to carry on a conversation with the French people here.
Do not worry about me for I am making it all right. I hope to see you all before a great while and will have lots to tell you then. This is a wonderful country and there is something new and interesting to see all the time.
Give my best regards to all my friends who ask about me and tell them I would be glad to hear from them.

From Otto Phelps.

Among the Jacksonville men now serving with the U. S. marines is Otto Phelps, of 126th Co., 9th regiment, located at Galveston, Texas. The young man has written to Mrs. J. V. Petry of 1145 South East street, his city, the following enthusiastic letter about life in the marines corps.

126th Co., 9th Regiment,
United States Marines,
Galveston, Texas.
September 15th, 1918.

Mrs. J. V. Petry:
I received your letter the other day and will be more prompt in answering that I was in the first writing. We are still stationed at the fort and are hoping every day to receive our transfers for overseas duty.

We are still training every day and altho we have been in the service over a year and have served eight months in the tropics, we are still drilling just as hard as when we were recruits. Our form of training is very interesting, and altho it is hard work, we enjoy it. We are going thru the real things, in sham-battles, trench digging, bomb throwing, bayonet charges, machine gun attacks and advancing under heavy barrages, laid down by the artillery.

Of course, as everything is done with dummy enemies, we do not get the joy out of it, as much as if the enemy was real. But when the Fritzies see our brigade coming at them, with bayonets, rifles, machine guns, hand grenades and artillery to back us up, they have cause enough to yell "kamelad."

The 5th and 6th Reg. United States Marines were the deciding factor in the battle of Chateau Thierry, and in fact, opened the first American offensive. We hope to be the deciding factor in the great spring drive. If we are lucky to get across in time for the final drive, we will never stop until Berlin is in ruins and every inhabitant has paid the price for the ruin of Belgium.

It is getting late so I must close. I am glad that you are all well and enjoying life. We are all in healthy condition here. And when the word comes we will show the Hun what three thousand healthy marines can do. With best wishes,
Otto Phelps.

Remember the Thomas O. Graves' sale, September 26, at 1:30 p. m., consisting of horses, cattle, farming implements, harness, straw and baled hay.

THIN, IRRITABLE CHILD
Gained Flesh, Strength and Good Nature by Taking Vinol

Middletown, Conn.—"I used Vinol for my little girl 5 years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement, and now she has a good appetite, has gained in flesh and strength and is much pleasanter to live with."—Mrs. C. B. Wilkinson.
There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates, the oldest and most famous body-building tonics known. For sale by all druggists.

Hooray for Banana Peel "Gets-It"

Only Real Way to Get Rid of Corns.

Which do you prefer—a corn that pulls or a corn that peels? Buttery or blisters? Only "Gets-It" can get rid of your corn the peel-off way, the blessed way. You don't need a pull.

"Corn Never Trouble Me, I Use 'Gets-It'"
Why hump yourself up on the floor and with your jaws set and eyes popping from pain, jerk and gouge and cut your corn? Why irritate your toes with some salve or wrap your toe into a big painful bundle with some sticky tape or plaster? Life is too short. Use "Gets-It"—it takes a few seconds to apply and there's no fussing. Corns go. Wear new shoes if you want. Peel off the corn with your fingers—the whole thing, root and all, clear and clean, and it's gone! Only "Gets-It" can do this. Take no chances.
"Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Stores and Luly-Davis Drug Co.

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition.

7 A DAY FOR 7 DAYS.

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food.

Given the right kind of medicine any tired out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package.

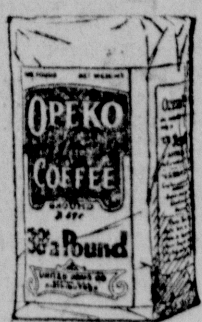

Davis' Hypophosphites Comp. is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who despaired of ever amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package at once. Take two tablets after each meal and one before bedtime—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition, if your nerves are not steady and you haven't the energy that red-blooded, keen minded men possess, your purchase money will be gladly refunded.

METHODISTS CLOSE SESSIONS AT QUINCY

Charleston Selected for Next Annual Conference of Ministers Named for Various Districts—Recommend Moving Wesleyan University to Springfield.

Quincy, Ill., Sept. 23.—The Illinois Methodist conference adjourned at 1 o'clock today. Charleston was selected as the place for the next annual meeting.

The report of the special committee recommending the immediate acceptance of the offer of Springfield, Ill., of a site for the Illinois Wesleyan University, low at Bloomington, was adopted.

A telegram was sent to President Wilson pledging the support of the Methodist ministers of Illinois in his effort to bring the war to a victorious termination.

Friends and Between Friends

GOOD STATIONERY is a friend to depend upon to bring about an immediate and intimate connection between friends. Letters must come and letters must go. Good stationery has its daily requirements. We have some unusually fine ideas, now, showing novelties very distinctive and "old friends" in conservative tints and cuts. Papers to write letters on to the soldiers; papers to send to the soldiers to write letters to you. Papers for the school children. Fair prices. Come in and look them over.

BRIEF PARAGRAPHS FROM LITERBERRY

News Notes of Interest From Literberry and Vicinity.

Literberry, Sept. 23.—We spent Sunday afternoon with Mr. and Mrs. Jackson Henderson at "Cozy Corner Cottage" and expected to meet Charlie Ray, son of Mrs. Henderson, but he had started for home on the 11:30.

We were appalled for our disappointment, somewhat, when Aunt Mat brought out a large, beautifully decorated up to date box of fancy candy, a present from her grandson and wife, Charlie and Clara Ray of Los Angeles. The box was filled with candy and candied fruit, there were chocolates, candied pine apple, cherry, orange and plum, white candy, which looked like snow, pink, that looked like tiny rose-buds. It was very pretty and arranged as only an artist could; it was good to eat, too for we sampled it. See?

The Big Four Fishing Club, or some of the members of this club and some probationers, pulled out (this) Monday morning for Wolf Lake for a day of fishing; they were well equipped with all away over the top and then some river bank, we expect them to bring in enough fish for the village.

Rev. Mr. Smith filled his pulpit Sunday morning and evening preaching in the morning from John 20:24. After preaching a call was made for the Missionary apportionment, which is one hundred and nine dollars; it was not many minutes until the sum went away over the top, and then some The Baptist people are no slackers on missions, nor any other good work.

Rev. Mr. Smith, assisted by Evangelist Patterson, will commence a revival meeting in three weeks.

Strangers attending Sunday School Sunday morning were Mrs. Newton Brainer and Mrs. George Leonard, of Virginia.

Jesse Litter was taken suddenly ill at church Sunday night, and was taken to his home at once, but appears better this morning.

We noticed a new primary school Sunday morning, little Isabel Francis, who, with her parents, have moved to Breezy Point, just south of town.

Miss Olive Scribner is spending a week at Maple View, on Gold avenue, Grace Chapel.

Arrangements are being made to organize a Young Woman's Christian association at this place in the near future. Competent women will be sent to explain and organize this worthy association. Announcement will be made later.

Miss Lora Petefish made a four minute talk at the church Sunday morning during Sunday school hour.

REES
Miss Lora McDevitt of Sangamon County, visited Mrs. Hugh McDevitt last week.

Fred Scott motored to Springfield last week and his brother Ira returned with him for a brief visit.

Miss Skeens has been employed to teach the grades at Durbin in place of Miss Gilliland who resigned to enter government work.

Dawson Darley, Albert Hoagland, Ed Tomlinson and Roy Sorrells motored to Urbana Thursday and made arrangements to enter the S. A. T. C. at the University.

Thomas Smith has begun a fine new residence.

HERE FROM ARMY CAMP
Harrison Davenport came from Camp Funston, Kans., Sunday to spend a few hours with relatives living southeast of Jacksonville. He is now in the service engaged as a cook with headquarters Co. at Camp Funston, where he was transferred not long since from Camp Taylor.

He left with the Morgan county troops for the Kentucky camp June 28. In talking to his relatives here Mr. Davenport referred a number of times to the generous treatment accorded the soldiers by the Red Cross. He referred particularly to the many courtesies extended the troops at Moberly, Mo., when the troop train passed thru there. The courtesies were the station and there was a most generous serving of good things to eat and boxes were given all the soldiers to take with them.

COMMITTEE WILL MEET TODAY
Final arrangements for the service flag parade to be given next Sunday afternoon will be made at a meeting called by Mrs. C. A. Barnes, chairman, for this afternoon at 2:30 o'clock at the public library. It is earnestly hoped that all committee members will be present at this meeting, or at least one representative from each church. Each church is represented on the committee by two members, the names of Mrs. Fred Brown and Mrs. William Brune having been added as representatives of the Lutheran church. Mrs. Homer Wood has been announced as Liberty Loan campaign district chairman from Pisgah.

RETURNS FROM TRIP TO VIRIDEN
Mrs. Elizabeth Stebbins has returned from Viriden where she went to visit her nephew, Sergt. Charles L. Wright, who has but recently returned from overseas service with a machine gun company. Sergt. Wright is to be engaged as instructor at Camp Funston, Kan.

MONDAY COUNCIL SESSION VERY BRIEF

The session of the city council Monday morning was brief indeed. All members were present except Commissioner White, who was busy looking after some street work. There were no reports from departments and about the only matter discussed was that of opening of streets for tapping sewers or laying water or gas pipes. This matter came to attention when Charles T. Mackness asked permission to tap a pipe ear his residence. It was emphasized in the discussion that the ordinance is to be strictly enforced providing that the city shall open the pavement when any work of this kind is done and shall replace the brick, making a charge against the property owner or contractor of \$25. This ordinance was adopted sometime ago in order to give the city closer supervision over all pavements. Exceptions have some times been made in the case of the gas company, but it has been decided that it would be best for the city to have charge of all work of this character.

Mr. Vasconcellos reported that he had ordered the new damper and other special equipment for the power plant suggested by the U. S. fuel administration. Mr. Martin referring to the fire department, said that the chief and three men still make up the entire list of employees. The commissioner had no special hope to extend of securing more workers until some means is found of meeting monthly payrolls.

MECHANICS WANTED
I need mechanics and lots of them. If you are not satisfied with the wages you are getting, come and see me. I need you.

C. N. PRIEST, The Ford Man.

FINE RECORD OF SALES
Friends of James S. Merrill have been interested in seeing recently a placard of halftones of five men representatives of the company who made such excellent sales records last year that the company has honored them with this special publication. The names of the men and the territory covered are: William A. Voss, Arkansas; Ivan L. Reeder, Oklahoma; E. E. Zimmerman, Idaho, Utah, Oregon and Washington; Charles H. Boedeker, and James S. Merrill, Illinois. Below the pictures of the men is the wording, "George D. Barnard Stationery Co., five leading salesmen for the year 1917. This group represents the largest aggregation of sales every made by any five men in the manufacturing stationery business in the U. S." To be listed in this group is indeed an honor for the Barnard Co. has a very extensive sales organization which reaches to all parts of the U. S.

OLD PEOPLE ENJOY TREAT
The residents at the Old People's Home enjoyed a special treat Sunday afternoon at their regular Sunday afternoon meeting, which is conducted for them each Sunday afternoon by elder Clarkson.

At the close of an unusually helpful sermon by the Rev. Winston W. Wharton, who is one of their favorite speakers, they were surprised by the entry of about a dozen young ladies from the Illinois Woman's college, who had come prepared to sing for them. It was a tonic to all the old folks and they kept them singing till supper time came and they had to leave. Most of the songs were religious and sung upon request, while a large number of patriotic pieces were sung to their delight for these old citizens are all loyal Americans. Two ladies of the Home, Miss Green and Mrs. Hoffmann came back at the girls with a duet well sung. The girls are splendid singers, especially for their first get together. They were first and the old people are hoping that they will come again soon.

CARL LUKEMAN AT HOME
Carl Lukeman is enjoying a ten days furlough with home friends in Franklin and elsewhere. He is stationed at Camp Greenleaf, near Fort Oglethorpe, Georgia, and is much pleased with his position. He is connected with the sanitary corps and his special duties are to inspect food and supplies and see that all is right before being given the soldiers to eat. He says there are some 50,000 at the cantonment and among other benefits are ten Y. M. C. A. huts of which all speak in the highest terms of praise.

Among other forces represented are three companies of engineers. The place is also now school for enlisting doctors who are sent there for army training. One of the celebrated Mayo Brothers, formerly of Rochester, Minn., and now in the service with the rank of colonel, recently visited the cantonment to inspect things in general.

Speaking of the improved means of overcoming disease he says that during the Spanish-American war 15,000 men died there of typhoid fever and there have been no cases at all there during the present war. It is also the location of German internment camp and a lot of them are confined there; millionaires and laborers all together and closely guarded. One of them is a son-in-law of Louis Swift.

IN PROBATE COURT
In the probate court Judge Thomson gave a finding in the suit of Margaret B. Hall against the estate of Charles Williams. The complainant had filed a claim for service as nurse thru a period of five years. The jury heard the case and awarded the claim for services for 233 weeks, assessing the amount due at \$2850.

SOCIAL SERVICE LEAGUE
The directors of the Social Service league will hold a meeting in the King building this evening, Sept. 24, at 7:30 o'clock.

BELGIAN RELIEF DRIVE.

Mrs. Floreth and committee will be at the Belgian Relief rooms, formerly Gay's Hardware store, to receive and pack contributed articles. If the people of Jacksonville respond promptly in this call for second hand clothing for the Belgians before the county offerings are sent in, it will be of great assistance as the committees in charge ask for all kinds of warm, clean and useful garments, for men, women, boys, girls and babies is needed.

Bring garments yourself and ask your neighbors and friends, to bring garments.

Remember the time and place, 9 a. m. to 5 p. m., 209 South Sandy street.

PHYSICIANS TO ATTEND CONFERENCE
A conference of physicians and examining boards of central Illinois will be held in the assembly chamber of the capitol building tomorrow afternoon. Members of local exemption boards, medical advisory boards and district boards are to meet at that time. Adjutant General F. S. Dickson, Maj. E. B. Tolman and Major John M. Dodson will make addresses and general discussion will follow. In preparation for this meeting each local board physician has been requested to prepare a tabulated list of registrants sent by his board to army cantonments as qualified for general army service and there rejected by camp examiner. The Jacksonville physicians who will attend the conference will be Dr. J. W. Hairgrove, Dr. E. F. Baker, Dr. Edward Bowe, Dr. T. A. Chapin, Dr. A. L. Adams, Dr. A. R. Gregory, Dr. E. D. Canastey, Dr. W. P. Duncan, Dr. Charles Hopper, Dr. W. P. Young.

CARD OF THANKS.
We wish to extend our sincere thanks to the friends and relatives who have assisted us in our time of special bereavement. The consideration shown us ever be remembered. We are especially grateful to the ladies who sang and to others who assisted in the funeral services.

Mr. and Mrs. John F. Ferreira.

SET GOOD EXAMPLE
Charles M. Strawn set a good example in observing the spirit of the anti-gasoline Sunday rule when he drove in from Alexander with his horse and buggy Sunday.

Mr. Strawn was going to use a car at the Frye funeral but instead of bringing the car from his home drove in the buggy and then used

the car he had at the garage in Jacksonville.

MR. HERMAN TO GO TO CHICAGO.
The unusually large trade enjoyed at the store of J. Herman has called for more goods and Mr. Herman expects to start tonight for Chicago to buy them.

FUNERAL SERVICES HELD FOR HARRY FRYE

Large Gathering to Pay Final Tribute to Deceased—Services in Charge of Rev. M. L. Pontius.

Funeral services for the late Harry A. Frye were conducted from Northminster Presbyterian church Sunday afternoon at 3 o'clock. The services were in charge of Rev. M. L. Pontius, pastor of Central Christian church, assisted by Rev. J. H. Morris, pastor of Northminster church, and the local I. O. O. F. Following the reading by Rev. Mr. Morris of the 14th chapter of John and a portion of the 23rd Psalm, a solo "Face to Face" was given in a beautiful manner by Miss Nelle Self. A quartet composed of Misses Fern Halgh, Edith Carlson, Roy Harney and T. H. Rapp sang several selections, including "Abide With Me" and "Some Day We'll Understand." The floral offerings were profuse and beautiful and were cared for by Mrs. Esther Mosely, Mrs. Marie Blair, Misses Hazel Strawn, Joyce Estaque and Elsie Baptist.

Rev. Mr. Pontius spoke briefly, emphasizing the thought that mankind is not left comfortless when death comes. He said in part: "Life is a mystery which none of us can fathom, but we do know that it does not begin at birth nor end at death. It is just the human or mortal which dies, the soul lives on. If the soul is not immortal then life on this earth is useless and meaningless. But we are given the assurance that when our loved ones are stricken by the hand of death, that their souls are released from this world of sorrow into a brighter and better kingdom. Christ has said, 'Let not your hearts be troubled,' and in the majestic presence of death it is our duty to forget the human side and think only of the spiritual."

"When death overtakes one who has lived for many years there is the feeling that it is because the life work is ended and the soul has gone home to reap its reward for long and faithful service, but when the grim messenger comes in the morning of life, there is the realization that death is indeed inexplicable. But we have the promise of God that sometime we will understand all of life's mysteries and will know that all is well."

"We are here today to honor the memory of a young man who had given promise of a useful and helpful life. I have been told by those who knew him better than I that he lived an exemplary life and that his influence for good in the community was great. He was a member of Northminster church and had taken part in various church activities. In the home, church, fraternal and social circles his influence will be sorely missed, but today we must not think of him as dead but as being more alive than ever before."

Following the services at the church the long cortege moved to Jacksonville cemetery where interment was made. The bearers were Roland Kiel, J. Earl Vasconcellos, Ernest May, Leo May, Lloyd DeFrates and Fred Darr. Members of the I. O. O. F. and Camp 512 M. W. A. were in attendance at the funeral. The flowery service was especially beautiful and evidenced the high regard of the many friends.

CLAUDE HAMM STRUCK BY AUTO

Is in Serious Condition at Our Savior's Hospital—Suffers Double Fracture of Left Leg and Injury to Spine.

Claude Hamm of 232 East Dunlap street is lying at Our Savior's hospital in a serious condition as the result of being struck by an automobile at the Wabash crossing in North Main street about 10:35 o'clock Monday morning. The automobile was owned and driven by William F. Hahn of Salisbury, Mo., and the occupants, in addition to Mr. Hahn were his wife and three daughters. The party was enroute to their home from a visit in Havana.

Hamm suffered a double fracture of the left leg, a dislocation of one of the lumbar vertebrae and a bad flesh wound. He was rushed to Our Savior's hospital and the company physician Dr. David W. Reid was called. Learning the nature of the injuries he summoned Dr. J. W. Haingrove who gave the necessary surgical attention. He was resting as well as could be expected last night. It will be several days, however, before it can be ascertained whether or not there are internal injuries.

For several days Hamm has been acting as flagman for the Jacksonville Railway company at the North Main street crossing. Yesterday morning a car was approaching the railroad tracks from the south. When it passed Washington street the motorman in charge, Robert Shirley sounded his gong.

Just after he did so Hamm stepped out to the west side of the car track and gave the signal for Shirley to come ahead. Hamm started to turn around when Hahn driving the automobile coming from the north struck him head on. The impact knocked Hamm down and the car ran over his leg and the axle doubled him over face down as it passed over him.

Apparently Hahn became excited and lost control of the car as it turned west and struck an iron post to which was attached a mail box which is set on the corner of Lafayette avenue and North Main street.

Hamm was carried into the Wabash freight house and the ambulance summoned. Hahn stopped his car and apparently wanted to do everything he could. He accompanied the injured man to the hospital and gave his address to Fred Davey of the Railway and Light company.

The injured man has been a resident of Jacksonville for many years and formerly conducted a hack line. He is married and has a wife and seven children.

SAW BODY OF GEORGE KIRBY
A soldier with the American forces in France, writing to friends in this city, tells of finding the body of George Kirby of Petersburg on the battlefield.

George Kirby was the son of State Senator Kirby of Petersburg, and was reported among the casualties some time ago. In his letter the soldier, who was well acquainted with Kirby, said that he found him lying by the road side with a great hole torn in his side, evidently from a shell. Kirby was killed at the battle of Albert. The soldier writing the letter was then in Alsace-Lorraine, having been sent from Albert to Paris and then to that region and was then about 30 miles back of the front line.

VISITED SON.
T. S. Martin returned Monday from Ft. Leavenworth, Kansas, where he had been on a short visit with his son, Private John R. Martin of the U. S. signal corps. Mr. Martin was very much pleased with the treatment the boys are getting, finding them getting all the conveniences of life, including ice cream for Sunday dinner.

Private Martin is now located in the signal corps radio school and was recently appointed instructor in the electrical department and now is in charge of the fifth and sixth grades of the radio theory class, and has in his classes from one hundred forty to one hundred and fifty men each week. The appointment also carries with it the rank of sergeant, 1st Class, which he will receive in a few weeks. Private Martin has only been in the radio school about three weeks, having been located at Jefferson Barracks, Mo., previously, and feels justly proud of his rapid advancement.

PATRIOTIC SERVICE LEAGUE MEETING

Officers Elected, Work Explained and General Promotion of the Work to Win the War Accomplished.

Several enthusiastic young ladies gathered in the David Prince auditorium last evening to promote the cause of the patriotic Service League. Miss Mary Alexander, temporary captain, presided and called on Miss Lena Hopper to lead in singing a number of patriotic songs which were rendered with a genuine good will.

Miss Jennie Grassly, county chairman, then again explained the objects of the organization which, like all others, is to be an aid in winning the war and overcoming the wicked Hun. The body will have a variety of activities and for each a competent leader has been secured so that will be done properly and well.

The first matter of business was the election of a permanent captain and a nominating committee consisting of Mrs. Paul Samuel, Misses Martha Coale and Katharine Walsh was appointed. They made their report, the ballot was cast and the result was in favor of Miss Ethel Wylder and the announcement was greeted with applause.

Miss Grassly then said a number of the leaders in the different activities were present and she desired to hear something from each of them.

Miss Miller who is to assist Miss Robinson in folk dancing said they would try to make it as interesting as possible. This is about the only country that doesn't have a distinctly original folk dance. In England the people gather on the green and greatly enjoy the pastime as is the case with other lands. It is not like any other form of dancing and she hoped all would join in and make it a success.

S. W. Nichols gave a description of an interesting folk dance he saw while visiting Japan. He said there were probably 250 girls; they had for music notes supplied from a lap organ played by the teacher and the work of the young ladies was admirable. Perfect rhythm; no mistakes, no calling off, all quiet except the organ. It was an interesting sight. Miss Sleezer, head of the sewing department in the schools, was present and gave her promise to do all possible. All were urged to bring all manner of worn clothes, no matter how dilapidated, bring them. Also stockings, kid gloves and any sort of garments to be made in useful articles for the needy children of France and Belgium. She was certain all would enjoy the work for it would be of so much benefit to the needy ones made so by no fault of theirs. Much would be learned about the people over there and the whole work would be extremely interesting.

Miss Edith Jordan who is to teach swimming, if practicable, said she was fully devoted to the cause of the league and would do all possible in her department if opportunity offered.

Miss Martha Coale spoke on the subject of home nursing. She said it was hardly as romantic or attractive as some departments but it was one in which much needed service might be performed. All who take prescribed examinations would receive certificates. Three departments were necessary and to be taken up by those wishing to be of most service. They are Dietetics, Home Nursing and First Aid. If applicants pass a prescribed examination (tests names will be forwarded to Washington and there would be an opportunity for real service. She explained how the work was done and told of the good to be accomplished by it.

Mrs. Paul Thompson and Mrs. Samuel and Miss Todd are to have charge of the dramatics which will be an important feature of the work. She told how the work would be accomplished and felt certain that all who entered that department would be well paid for the time spent. The committee then reported ready for announcing the result of the election, which was for Miss Ethel Wylder for president. The lady was called for but was absent.

The residents of each ward were then asked to go to designated rooms and each select a lieutenant to command and a sergeant. This result was as follows, the first name mentioned being lieutenant and the other sergeant:

First ward—Katherine Walsh, Dorothy Ferry.
Second ward—Agnes Paxton, Miss Todd.
Third ward—Miss Josephine Yeck, Miss Helen Sweeney.
Fourth ward—Mrs. Vorce Bassett, Miss Helen Adams.
